Assistant Director/OSO

2 May 1950

The Assistant General Counsel

S. 2269, a Bill to provide for the enlistment of aliens in the Regular Army.

1. Reference is made to your memorandum of 28 April 1950 for the General Counsel, Subject: Comments on S. 2269. In addition to your comments we have received a memorandum from OPC and have discussed the matter with the Director. As a result of this discussion it has been determined that it would be inadvisable for CIA to take any position, either pro or con, at the present time on this legislation, and we have so informed the Department of State. It would appear to us that the primary interest in this bill and its primary support should come from the Department of the Army.

2. If it appears that this legislation will be considered, additional thought will be given to the remarks set forth in paragraph 2 of your memorandum. However, basically it appears that this is a matter for CIC rather than this Agency.
